Dear Madam, Dear Sir

I am currently undergoing a Full Stack Web Development training at Online Forma Pro, and **I am looking for an internship from May 26 to July 24, 2025**, to apply my skills and deepen my learning within a professional team.

During my first months of training, I gained solid foundations in HTML and CSS. I am currently enhancing my knowledge of JavaScript and exploring back-end concepts. Through projects such as creating websites for restaurants, a hotel, and my portfolio, I have been able to apply my skills in structuring, interface design, and web integration. These experiences have allowed me to develop rigorous work habits and refine my programming logic.

Curious, diligent, and motivated, I am ready to take on new challenges and learn in a dynamic environment. Working at your company would be a valuable opportunity for me to gain practical experience and further develop my technical and collaborative skills.

I would be delighted to discuss my application with you in more detail during an interview. I look forward to hearing from you.

Yours sincerely,

Mathilde BERTHELIER
